

# Force-3:

- **Launch date: Q2 (June 15)**
- **Design combo of Force G, Force CC and Force-2**
- **Will replace these 3 models:**
  - **Force-2: June**
  - **Force G: Dec.**
  - **XLT PRO: Dec.**

# Force-3 vs. Force-2

## Force-3 Features

**Updated wrap around frame-** similar to the Force RX (no frame under seat)

**Taller seat height:** 9"= easier transfers (vs. 7" on Force-2)

**Tire Selection-** 559 wheels compatible with either cruiser or knobby tires and more commercially available than 650 size which is used on rest of Force Series.

**Disk Brake:** standard

**Cable Driven Parking Brake:** instead of push button

**Cable Driven Derailleur:** instead of manual

**New style cable springs**

**Two backrest styles:** recline standard or straight optional

**Price:** \$2995 USD, Discount 40%
